Affordable Quantum Communication for Everyone

EU Horizon-2020 Project **UNI^QORN**

*Affordable Quantum Communication for Everyone:
Revolutionizing the Quantum Ecosystem from Fabrication to Application*

EU Horizon-2020, FET Flagship on Quantum Technologies
Grant Agreement n° 820474

Document:	Deliverable	
Type:	DEC	
Dissemination Level:	Public	
Title:	Promotion Video Availability	
Work-Package / Task(s):	WP8 / T8.3	
Document number:	D8.4	Latest Revision: Version 1.0
Delivery Date Planned:	M10 / July 2019	Pages: 6
Document Owner:	A. Karyda – AIT	Label: D8.4- Promotion_video_availability
Contributors:	AIT, UNIVBRIS, HHI, COSM, UNIVIE, MLNX	
Abstract:	Description of the official project video.	
Key words:	Animation, video, statements, communication.

Executive Summary

In this document we present the official UNIQORN video, which can be used by the project partners and the European Commission to further communicate the scope of the project.

The UNIQORN video explains in simple words the project's ambition and idea and it can be found on the project's website as well as on the project's YouTube channel.

1 Introduction

1.1 Purpose and scope of the document

The purpose of this document is to present the project's official video. The project video can be used by the European Commission, according to the Grant Agreement Article 38.2, to further disseminate the project's vision and idea.

1.2 Target audience

This deliverable is publicly available and intended for the project officer (PO), the external to the project reviewers, who will be assigned by the European Commission, and the general public.

1.3 Relation to other project work

The deliverable is prepared within Task 8.3 "Dissemination of foreground knowledge and communication activities", which describes the activities that will be taken over by the consortium to promote the project's results. D8.4 is related to the following WP8 deliverables:

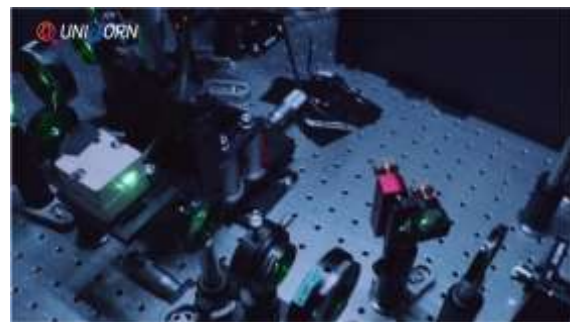

- D8.1 "Factsheet and project presentation" [M02]: It presents the first project's factsheet and the project's overview presentation.
- D8.2 "Website development and creation of social media accounts" [M02]: It presents the website and social media accounts set up in brief.
- D8.3 "Press Release and Communication Kit" [M03]: It presents the project's press releases and communication material designed at the beginning of the project.
- D8.5 "First period exploitation plans and project dissemination" [M18]: It will contain the dissemination and communication strategies of the project partners individually and the consortium as a whole and will report on the dissemination and communication activities undertaken in the first 18 months of the project.
- D8.9 "Final Press Release" [M36]: It will contain all necessary information about the project's final results.

2 Video Presentation

The UNIQRN consortium created the promotional project video, explaining the main idea, ambition and goals of the UNIQRN project, as well as the scientific concept of the project and the related benefits of its applications in everyday life. The video has been designed in a way so that it will be understood from a diverse audience.

The video was published on the project's YouTube channel and distributed to the public via the project's website and social media accounts.

Video on YouTube: <https://youtu.be/PQoVeF2jGEU>

The UNIQRN video is combined by an animation video and laboratory footage where general information about the second quantum revolution applications and UNIQRN's mission are explained, and an interview part where the project partners explain in simple words the project's technology and its application to modern life.

At the end of the video the funding information, as well as the partners', the European Union and the Quantum Flagship logos are included.

A shorter version of the video will be produced, and subtitles will be added.
